EDUCATION

Stanford University, Stanford, CA

B.S in Data Science

Sep 2023 - Jun 2027 (Exp) Computational Neuroscience Concentration · Minor in Symbolic Systems (AI) · **GPA: 3.86**
Investment Science (MS&E 245A), Stochastic Modeling (MS&E 221), Decision Making Under Uncertainty (CS 238), Frontier Systems (CS 153)

PROFESSIONAL EXPERIENCE

Benevolent AI, London, England

Biotech Intern

Jun 2025 - Aug 2025: Evaluated emerging AI and biotech technologies, analyzing product-market fit and identifying opportunities across the biotech landscape.

Re-engaged after the internship on a \$10,000 contract to independently design and develop ConfCap, a conference media-capture and research organization platform.

Castle Creek Capital, San Diego, CA

Investment Intern

Jun 2024 - Sep 2024: Built valuation and financial models for U.S. community banks, analyzing performance and translating findings into investment recommendations for senior management.

PROJECTS

Rise AQI — *Reimagining the AQI Data Pipeline for SSF*

Solo-designed, developed, and deployed a hyperlocal air-quality app for Rise South City, integrating live sensor networks, spatial interpolation, historical trends, and wind-based forecasting to track and predict pollution across South San Francisco. [[Capstone](#)]

Launched with South San Francisco residents and received 9.5/10 average participant satisfaction at the community workshop.

RESEARCH EXPERIENCE

CESTA, Stanford CA

Digital Humanities Research Intern

Jun 2026 - Present: Built a multi-agent research testbench to evaluate how communication policies and information conditions affect information propagation and collaborative problem-solving among AI agents. [[Presentation](#)]

Shah Lab, Stanford CA

Research Assistant

Aug 2026 - Present: Analyzing multi-animal behavioral video to develop computational methods for automatically identifying social behaviors

LEADERSHIP & COMMUNITY

Kid By Kid

Founded and scaled a 501(c)(3) peer-tutoring nonprofit delivering 13,000+ hours of 1-on-1 tutoring, training hundreds of tutors across 50+ school chapters in seven states.

City Of San Diego

Represented District 3 on the city's Youth Commission, advising city leaders on programs and policies affecting youth across San Diego.

Selected Speaking

CUMU Annual Conference ([Panelist & Presenter](#)); National Youth Leadership Council ([Showcase Presenter](#)); VoiceAmerica (Featured Guest)

HONORS & SKILLS

International Youth Leader of the Year

International Rescue Committee (IRC)

Princeton Prize in Race Relations

Technical: Python, PyTorch, pandas, scikit-learn, Git, Java, machine learning, financial modeling (Excel), data visualization

Languages: English; Mandarin Chinese (Intermediate)

Interests: PADI Diver, Sailing, Skiing, Chess, Table Tennis, Billiards
